

G1 PATHOLOGY LAB

We are a multi-disciplinary laboratory with the most advanced equipment that is committed to focussed and efficient drug discovery.

About Us

We Are The Trusted Experts

Always available for you!

We focus on providing patients quality diagnostic healthcare services in India. Through our network, we offer patients convenient locations for their diagnostic healthcare services and efficient service. With over 5000+ diagnostic and related healthcare tests and services offered, we believe we are capable of performing substantially all of the diagnostic healthcare tests and services currently prescribed by physicians in India.

AWARD WINNING PATHOLOGY LAB

Meet Our Team

Jerrod M. Wheatley
CEO

A member of the World Economic Forum, he has held many senior positions as an industry representative, and has been lauded and awarded by various institutions and organisations.

Lena Adms
LAB MANAGER

My experience here has made me a very competent clinician and I continue to learn to keep myself up to date with latest advances.

Alex Mitchell
LAB SUPERVISOR

I have received extensive training for 5 years in the field. This has involved rotating in various hospitals and gaining experience in managing diverse.

Samantha Wood
PHARMACIST

Worked for seven years in the community health service centre of Manhattan as a professional medical practitioner. Love spending time with patients to free them from the pain of disease.

TRUSTED PARTNERS

We are proud to have some of the most well-known and respected partners – and we love to do new partnerships too. We aren't just talk. We are in the game, in a big way, and are ready to partner with you.

What We Do?

Research

Research provides opportunities to build a learning community with staff, experts and other interested patients. Here, research is carried out extensively using the most recent technology and equipments.

Analysis

The goal of pathology examination is to provide accurate, specific and sufficiently comprehensive diagnoses to enable the treating physician to develop an optimal plan of treatment, for which high level of analysis is required. That's what we exactly do at G1 Pathology Lab.

Testing

Our lab is equipped with experienced staff and we offer patients convenient access to a wide variety of tests at patient-friendly prices.
